Description

House for sale directly from the owner in Kyiv region, Boryspil district, Petropavlivske village,

Land plot — 7.5 acres 30×25 m, fenced with a double-sided profile fence, equipped with gates and a wicket. A 29 m deep well, drainage system with two tanks of 4 m³ each total 8 m³. Electricity capacity — 10 kW. The territory is prepared for automatic irrigation and lawn covering.

The house has a total building area of 273.3 m² under one four-slope roof. Heated living space, cold utility block, parking for at least 2 cars. Attic floor can be converted into living area — 2 attic windows already installed. The attic perimeter is insulated with mineral wool, foundation and blind area insulated. Walls insulated with 150 mm foam, plastered and primed.

Perfect solution for families who value comfort, space, and ready infrastructure.
